IVES OF

They have tormented the human family and

defed the medical faculty from time out of memory they havecorrupted the blood, demoralized the joints, vexed the nerves, agonized the muscles and racked the brain with wearying pain. "ATHAPHOROS" is the enemy of Rheumats u and Neuralgia, repairs their damages, renews the blook, eace the fo.nts, caims the merces, soothes the muscles, gives rest and posce to the troubled brain, and ensures delightful sleep.

"Atmormones" is a new remedy, but it has been abundantly tried. From far and near come tes-timosials from well known pursons who had long been sufferers. It has turned their diseases out—it has cured them. That is all,—and that is enough.

"ATHLOPHOROS" can do for you what it has done for those sufferers. It can drive out your Rheumatism and Neuralgia, and will do so if you give it a fair trial.

"Athlorhores" has by this time had such a good trial all over the country that its true work is known, and its true character proved. "ATHOPHOROS" means "Prize-Bearer, "Victor" "Conqueror" It carries off the prize as Vinzon over the utacles of these terrible madeles, and Conquenon of the frightful agonies their victims have endured. Not a more tenuorary rule, but a permanent, enduring, and triumphant cure.

If you cannot get ATHLOPHOROS of your druggest, we will send it express paid, on receipt of regular price—one dollar per bothie. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something clse, but order at once from us as directed.

Kansas Republicans Holding a State Convention-Republicans Call for Campaign Funds.

Other Notes of the Canvass.

GENERAL LONIAN'S CAMPAIGN. Washington, July 17 .- It is the intention of General and Mrs. Logan to spend some weeks in Chloago after the General shall have attended the veterans' reunion at St. Paul, July 23. Mrs. Logan, who has been quite ili for some days past, is now slowly recovering. She will accompany her husband on his Western trip. General Logan said yesterday that he had not yet declded whether he would make any speeches during the campaign or not. A strong pressure has been brought to bear on him and Mr. Blaine to join actively in the convass, but the General positively asserts that the matter is far from settled. He says, the column of doubtful Southern States and its electoral vote given to the Kepublican candidate. It is very probable that a portion of Logan's St. Paul speech will be devoted to a review of the Republican situation, but it is said that he will handle the subject so adroitly that no exception can be taken by those to whom he is politically opposed.

FUNDS WANTED FOR THE BLAINE SIDE. New York, July 17.—The Republican National Committee has addressed a circular to prominent Republicans calling for funds to carry on the coming campaign. The circular, after referring to the importance of the coming campaign, re-quests that the persons addressed remit such sums as they may be disposed to con-tribute to B. F. Jones, Chairman of the Republican National Committee, 242 Fifth avenue, New York. The attention of office-holders is called to the provisions of

chared that the influence of the committee will be exercised in contormity therowith.

OHIS DEMOCRATS WILL TRY TO ACRUS. Conumers, C., July 11.—At a meeting of the Franklin County Cleveland and Hyp-arichs Club, the first organization in the State, John G. Thompson, President, telegrams were sent to both Cleveland and Hendricks that a big effort would be made to give them the electoral vote of the State. Judge Thurman took part in the organization of the club and delivered an address.

There were only seven members present at the meeting of the dissatisfied element of the Democratic State Central Committee, and no business was done for want of a quorum. T. J. Cogan, Chairman of the Central Committee, agreed to call a meeting for July 24, when it is said all differences will be adjusted.

EX-MINISTER SARGENT'S AMBITION.

WASHINGTON, July 17.—Ex-Minister Sargent is in the city. He caracon, he said, to make his verbal report to the Department of State, and to renew his acquaintance with such of his old friends as still remained in the city. He will return to New England to-day, where he will remain a fort-night, and then leave for his home on the Pacific coast. He regards the outlook for the Ropublican party as very encourag-ing. While stopping in England he gained the impression from the London newspapers that the independent novement in America had gathered great force, and that a serious defection might be expected from the Republican ranks. He said he saw nothing of it in Now York, but was told that it existed very pientifully in Massachusetts. Mr. Sargent expects to take an active part in the campaign, especially on the Pacific Coast. Should the Republicans of California succeed in carrying the Legislature this fall, he will be a candi-date for the Senate to succeed Mr. Farley, whose term will expire March 3, 1885. THE CAMPAIGN IN WISCONSIN.

MILWAURER, Wis., July 12.—The campaign in Wisconsin is being vigorously presecuted. At the headquarters of the Republican State Central Committee there is great activity, and over two hundred. Blains and Dr. W. A. Anderson, Chairman of the Democratic State Central Committee, will open his headquarters here next Monday. It is reported that the Democrats have \$10,000 left over from the last campaign, and are now at work raising an additional \$20,000. PRESIDENT ARTHUR'S POSITION.

PRESIDENT ARTHUN'S POSITION.

WASHINGTON, July 17.—President Arthur has been accused of inkewarmness and indifference in the pending campaign. This is indignantly decided by those of his friends who are in a position to speak. They say it would be manifestly indelicate for the Chief Magistrate of the Nation to come down from his high station and mix with his old-time freedom in the details and management of the canvass. His course, they say, will be a proper and consistent one under all circumstances.

NINE HOURS FOR A DAY. A Strike of Lirick-Layers to Occur in New York on Monday.

NEW YORK, July 17 .- The Union bricklayers of this city will strike on Monday next for nine hours' work at the pay now received for ten hours. The Union men number 2,500 and the non-Unionists hundred. All the master builders and masons have determined to resist the demand and it is probable that building operations generally will suspend until after the trouble is adjusted. At the meeting of the International Brick-Layers' Union held in Cincinnati last January the question of demanding eight hours' work per day was discussed and was inally placed in the hands of a com-nuttee to report at the federation mittee to report at the federation of trides and labor Unions to be held in Unicago next month. But the local bricklayers do not believe the eight-hour rule can be entorced, and so have arranged to strike on their own account for nine hours. There is really less than sixty per cent. of last year's building operations going on this year, and the masters say they are able to stand a strike. The bricklayers are confi-

FAILED FOR A MILLION. NEW YORK, July 17 .- Edmund Yand Jr., & Co., importers of white goods and aces, falled yesterday, with liabilities far bayond \$1,000,000, preferences for \$556,-523. Herman W. Vanderpoel and William Friedman are the assignees. The firm has been in existence since 1867, and is composed of Edmund Yard, Jr., William W. Yard and John O. Willis. Their chief business was the importation of foreign laces, but they also did a large general trade throughout the United States. It is suid that a shrinkage of values, combined with the failure of the firm to get further accommodations at its bankers, is the immediate cause of the collapse. The house was considered solid. The firm imported nearly all their goods from Heyman & Alexander, Nottingham, England, who are pre-terred for \$340,000

Bradetrect's report of June 24 contained the following statement from the firm: "We last took stock at about \$300,000, at actual value, and had outstandings due us of about \$125,000. We had then, as now, very little paper out. Had nothing with O. M. Bogart & Co. when they falled, and owed them nothing. Have had a fair business this spring. Of course there has been some shrinkage in value, but not a large percentage. Mr. Yard, Sr., has loaned us money as we needed it, and at times our indebtodness to him has been as high as \$180,000. Are doing a business of over \$1,000,000, nearly \$1,250,-

The preferences were given as follows:

A BRIGHTER OUTLOOK INDIANAPOLIS, Ind., July 17.—The situation in financial choics here is much better than it was expected to be. The worst is thought to be over, although there is an impression that Harrison's Bank will folimpression that Harrison's Bank will fol-low the lead of Fietcher & Sharpe and sus-pend to-day, unless it obtains relief from some source. It is a private bank, do-ing a limited business, and its failure would not add greatly to the excitement, as it has been discounted by the rumors that were prevalent yesterday. The runs yesterday murning stypped at eleven o'clock. S. A. Fletcher & Co., and Kitzinga's banks onened an hour earlier than usual and conopened en hour earlier than usual and continued the payment of balances. The crowds about the doors were small, and the

crowds about the doors were small, and the police had no difficulty in preserving order. At both places the deposits exceed the balances paid. Many of the claimants at Ritzinger's were paid in gold and sliver, and it cavored of the comical to see the depositors carrying away the precious metal in handkerchiefs, cigar boxes or hand sachels. PENDLETON, III., July 17.—The Pendleton Banking Company, of this city, closed its doors yesterday, the suspension being caused by the failure of Fletcher & Sharpo.

THE BURST MILWAUKEE BANK. MILWAUKEE, Wis., July 17.-Considerable excitement was caused yesterday by a rumor that the receiver of the collapsed nk was read report, and that the showing was very bad. The report was finished last night, but it will not be made public until next Monday. It is asserted that it will show that the bank was most wofully managed and that the assets are \$200,000 or \$300,000 short of the liabilities. The bank, it will be remembered, tailed some weeks ago for nearly a half million, while the report will show that the failure was not brought about by frauds of any kind. It is asserted that the mismanage ment of the bank's affairs amounted almost to criminal carelessness. It seems to be the opinion that the assets will not pay depositors lifty cents on the dollar. The creditors generally believe that President Albert Conro will make good all deficiencies, and out of his private fortune pay dollar for

Mr. C. P. Buicher writes from Kirby, O., July 3, 1882: "Last fall my hair commenced failing out, and in a short time I became mearly baid. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of bair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely baid."

J. W. Bowen, proprietor of the McArthur (Ohio) Enguirer, says: "Ayen's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is also sure cure for dandruff. Not within my knowledge has the preparation over failed to give entire satisfaction."

Mrs. O. A. PRESCOTT, writing from 18 Elm
St., Charlestown, Mass., April 14, 1862, says:
"Two years ago about two-thirds of my hair

was completely covered with short hair. It
has continued to grow, and is now as good as
